

Ferdinand Park and Recreation Board Minutes

August 2, 2017

Regular meeting of Ferdinand Park and Recreation Board was held on Wednesday, Aug. 2 in the Town Hall with Mike Steffe, Matt Weyer, Natalie Howard, Dolores Boeglin and Tom Lueken in attendance. Also attending were Stu Bettag with the boys little league, Craig Weyer and Erin Riley with the girls little league.

The board had requested they attend the meeting to discuss any issues they might have and also responsibilities of the leagues and of the board. Erin had issues with maintaining the safety nets for the girls' field. They are in bad shape with the middle one being the worst. The board feels the nets should come down after each season, similar to the way the ones on the boys' fields do. Tom and Mike will look at the nets with a possible solution to the problems. Tom also said there was a problem with standing water after rains. He is trying to find a solution to this also.

The board wants to look into a lightning detector system for the parks.

At an earlier meeting, the possibility of developing a golf course was brought up. Mike said the town board said they would only approve if it was self-sustaining.

Dolores reported that Linda Glick was to have the playground turf repaired before Aug. 18. If not resolved further action will be taken at the September meeting.

Matt and Mike met with the Council on the budget. Also discussed the fact the board only wants to pay for one intern in the summer.

Land swap agreement should be completed by end of the month.

Minutes and expense report were approved with a motion by Natalie and second by Mike.

Meeting adjourned at 5:50 p.m. Next meeting September 6 at the Town Hall

Dolores Boeglin, Secretary
