## **Quality Mill Supply is in Ferdinand, Indiana!**

For nearly 75 years, Quality Mill has been serving the communities throughout Indiana. Today, we have locations in Bloomington, Fort Wayne, Franklin, and Muncie. On April 18, 2016, we added one more to the list: Ferdinand, Indiana.

"We've always been driven by the conviction that whatever we do, the customer's success remains our ultimate goal," says Evan Gilbert, president. "Quality Mill's location in Ferdinand allows us to partner with our southern Indiana customers as they continue to grow and innovate. We look forward to being better positioned to meet their needs and continue to offer great service and products."

» *We're thrilled to join the Ferdinand community. If you're in the area, we'd love for you to stop by for a visit.*
