Due to planned on-site gas line replacement work, the Town of Ferdinand will be temporarily closing the yard waste and tree limb disposal site at the West 23rd Street complex.

This closure is necessary to allow TC Energy, known locally as ANR Pipeline of Celestine, to replace out three high pressure gas lines, due to an increase of business and residential population within 1000 feet of the site. Replacement work will begin March 16, but the closure will take effect at the close of business Wednesday March 11 to allow employees to clean up the site, and will remain in place through at least June 30, when work is scheduled to be completed.

In the interim, a temporary limb and yard waste site will be established on West 5th Street, just south of the MasterBrand soccer complex. Usage of this location will be for Town of Ferdinand residents only. Appropriate signage, announcing both the closure and temporary sites, will be in place at both sites.

For additional information, contact Ferdinand Town Manager Chris James at 812-367-2282 or by email at cjames@ferdinandindiana.org.
